

Manipulative project Fundraiser

- Easy one stop shopping for your class project.
- You get the 10 needed colors and 1 other color plus the use of the die cut machine for the price of \$9. Or \$0.75 per foam sheet.
- Pay your Math Education teacher and bring your receipt to the Math skills center to get the foam colors you need and to use the die cuts.
- Base Ten Blocks, Fractions with Patten Blocks, and Cuisenaire Rods will enhance your learning in your education classes.
- Support the Math Clubs of CTM (Council of Teachers of Mathematics) and AGA (Alpha Gamma Alpha) with your purchase.
